The Skills for Care Workforce Development Strategy means that 50% of your staff need to hold a Children's Care, Learning and Development (CCLD) NVQ Level 2 by April 2008. From this date onwards, all of your staff must hold or be working towards the NVQ Level 2.

Paragon provides a flexible, fast and cost-effective solution.

- Free or subsidised delivery of Children's Care, Learning and Development NVQs at Level 2 or 3.*
- Employees with experience can be fast tracked to complete the NVQ Level 2 in six months or the NVQ Level 3 in nine months.
- We cover all the NVQ criteria on your premises – employees will be assessed at work at a time to suit, so there is no need for day release.
- We can help with the recruitment of Apprentices.
- We offer all the training you will need to meet national occupational standards, including induction and foundation training.
- Further ongoing training is available to meet your needs – from the basics to senior management and specialist courses such as Makaton Signing for Babies and Toddlers.

*NVQ Level 2/3 may be free if the candidate doesn't already hold a Level 2 qualification.

Paragon specialises in developing people's skills at work. Our qualifications are designed to meet your needs and our assessors have a wealth of experience in the care sector.

Our future.
It's in our hands.
